Pro- or anti-inflammatory properties of cytokines in COVID-19: which offer better protection against disease

A systematic review of the role of gummosin Gummosis in improving memory in the scopolamine memory impairment model

Investigating the potential application of organic and inorganic nanoparticles for gastric cancer treatment: an evidence-based review

A study of prevalence and risk factors for Helicobacter pylori infection among Adult in Duhok Province, Kurdistan Region, Iraq

Molecular Surveillance of Yersinia pestis from Stray Dogs and Cats and their Fleas in Algiers

Characterization of forced degradants of Tegafur, Gimeracil, and Oteracil potassium by Liquid Chromatographic-Electrospray Ionization-Mass Spectrometry and simultaneous estimation of triple combination in drug substance and finished pharmaceutical Dosage Form

Prevalence of Trichomoniasis and Vulvovaginal Candidiasis among Married Women in Duhok City, Kurdistan Region, Iraq

In vitro effect of 1-methyltryptophan isomers on epithelial-mesenchymal transition transcription factors in tubular epithelial cells after ischemia-reperfusion injury

Immunological and cytokine profile (IL-25 and IL-35) in patients with Entamoeba histolytica infection in Southern Iraq

In vitro anti-Toxoplasma effects and apoptotic induction of queen bee acid (10-hydroxy-2-decenoic acid) alone and in combination with atovaquone

Molecular study of Anaplasma spp. in horses, sheep, and goats with phylogenetic analysis in northwest Iran

Effects of silver nanoparticle based on ginger extract on Leishmania infantum and Leishmania tropica parasites: in vitro

Immunological Response and Nutritional Effects of Lactobacillus spp.-fermented Garlic on Turkey Broilers

Epidemiological and Clinical Characteristics of Patients with Diphtheria Attending the Infectious Disease Hospital in Delhi

Molecular Prevalence of Human Papillomavirus Types 16 and 18 in Oral Squamous Cell Carcinoma using Real-time PCR

Restoration of miR-451a-5p/miR-34a-5p could suppress the proliferation and migration of human breast cancer cells through Wnt/ β -catenin and ERK/P-ERK signaling pathways

Investigation of Enteric Parasites with a Focus on Zoonotic Parasites in the Feces of Galliformes

Genome Sequences of Canine Parvovirus Type 2c Prevalent in Western Mexico

In vitro Evaluation of Anti-obesity Potential of Phyllanthus Fraternus Leaves

The predictors of the willingness to receive the third dose of Covid-19 vaccine based on the Health Belief Model: A cross-sectional study in South Khorasan province

Production of an efficient enzymatically Fab fragment antivenom against of Cobra snake (*Naja naja oxiana*) venom

Oral consumption of Hydro-alcoholic extract of *Dactylorhiza maculate* (Salep) Prevents Appetite and Body Weight in Male Rats

Anti-proliferative Activity of *Vitex negundo* Leaf Extracts on PA1 Human Ovarian Cancer Cell Lines

Assessment of Different Newcastle Disease Virus Antigens and Inactivators of Binary Ethylene Amine and Formalin for the Hemagglutination Inhibition Assay
